Care Instructions

Crystal Home Accessories

- Clean with a mild detergent in warm water. Do not soak in water for too long.
- Rinse with warm water and polish with a lint-free cloth.
- Avoid contact with harsh, abrasive materials and glass/window cleaners.
- Please ensure to wipe dry metal parts immediately after cleaning.
- Never let the candle/tea light burn unsupervised and keep it away from children, pets and combustible objects.
- The candle must not be allowed to burn down completely. The holder becomes hot during use, especially after long periods of votive burning. Always use caution when handling.
- The wick must be no longer than 1/4" and must burn in the middle of the candle/tea light.
- The flame must be at least 3/4" away from crystal or metal parts and must not burn directly below inflammable objects.
